5 JUNE 2009, 09:30 – 13:00

St James and Albany Hotel,
202, rue de Rivoli - 75001 Paris

EUROBAT FORUM PROGRAMME

09:30

Opening Address

Ray Kubis, Eurobat President & President EnerSys Europe

09:35

SESSION 1: ENERGY & ENVIRONMENT : THE IMPORTANCE OF BATTERIES

This session covers how environmental management projects and technology solutions can help to design and implement sustainable systems. Speakers are:

- Jean-Christian Marcel, R&D Projects Coordinator, Tenesol
On-grid power systems, applications for renewable energy, local power systems, connection points to electric vehicles and hybrids charge systems. Relevance of battery solutions for emergency / back-up in critical applications in the network.
- Lew Fulton, Senior Transport Energy Specialist, Energy Technology Policy Division, International Energy Agency (IEA), Paris. The speaker will cover the world energy outlook, the transport/oil outlook and IEA's projects related to electric vehicles and a low CO2 future.

Panel participants include:

- Daniel Fraile, Scientific Officer, European Photovoltaic Industry Association (EPIA)
- Fred-Eric Hapiak, Deputy General Manager Industrial Battery Group, SAFT (moderator)

10:50

- COFFEE BREAK -

11:10

EU POLICY VIEWS

Update on the latest EU policies by Rosalinde van der Vlies, Deputy Head of Unit, DG Environment, European Commission, Brussels

11:40

SESSION 2: GLOBAL MARKET ECONOMIES AND OPPORTUNITIES

This session will address global industry trends, assessing market applications in the automotive sector and material handling. Speakers from Europe, USA and Japan will further discuss technology investment, opportunities triggered by governments' economic recovery plans.

Panel presentations:

- USA: David Weinberg, partner, Wiley Rein LLP, representing Battery Council International
- Japan: Kensuke Nakatani, Executive Director, Battery Association of Japan
- Johann-Friedrich Dempwolff, Vice –President Sales OEM/OES, Johnson Controls Power Solutions Europe, on the automotive outlook
- Marc Zoellner, CEO, Hoppecke Batterien, on material handling outlook
- Ray Kubis, President, EnerSys Europe (moderator)

12:50

Closing Address

Mr. Ray Kubis, Eurobat President & President EnerSys Europe

13:00
